

Due to safety and health concerns resulting from the COVID-19 pandemic the 2020 Spring/Summer Miracle League baseball season is cancelled. This was a very difficult decision for our board of directors as we know that your players want to play and we built this league to be a place for gathering, community, fellowship and baseball fun. As of now, unless guidelines change dramatically, we do not anticipate a formal, full-scale league in the fall, but we are hoping to have some small group clinics with social distancing. Keep checking back to our Miracle League website for any updated information.

We are 100% working toward an awesome season of Miracle League baseball in the spring of 2021! If you need information regarding the Miracle League of Louisville, or would like to know more about our league, please contact Stan and Barbara Raley at Stan.BarbRaley@gmail.com, or (502) 445-9430.

See you in Spring 2021...if not before!
